Pulizia

Per le parti metalliche consigliamo esclusivamente un panno morbido e alcool asciugando bene dopo la pulizia. Per le superfici in plastica, usare panno umido ed acqua con detersivo liquido neutro, non usare solventi, trielina, acetone o ammoniaca.

Cleaning

For the metal parts we recommend only a soft cloth and alcohol, drying well after cleaning. For plastic surfaces, use a damp cloth and water with neutral liquid detergent, do not use solvents, trichlorethylene, acetone or ammonia.

Nettoyage

Pour les parties métalliques, nous recommandons uniquement un chiffon doux et de l'alcool, bien sécher après le nettoyage. Pour les surfaces en plastique, utilisez un chiffon humide et de l'eau avec un détergent liquide neutre, n'utilisez pas de solvants, de trichloréthylène, d'acétone ou d'ammoniac.
